D. S. KEMP & CO.'S
SUMMER EFFERVESCENT AND PURIFYING SALINE.

A SOVEREIGN remedy for Headache, Biliousness, Sea-sickness, Boils, Skin Eruptions, Gastric Disorders, and Impurities of the Blood as well as in Fever. Is a safe but efficient Aperient, counteracts the vitiating effects of a tropical climate, and quickens the functions generally. An experience of twenty-five years has established the great value of this Saline as a domestic remedy, not excelled by any imported preparation of a similar nature whatever, and it is now offered as better adapted to this climate than any article hitherto introduced.

PER BOTTLE Re. 1-4.

By Order of the Board of Directors,
MADHOWRAO MOROJEE,
Bombay, 10th March 1879. Secretary.

IN THE HIGH COURT OF JUDICATURE AT BOMBAY.
ORDINARY ORIGINAL CIVIL JURISDICTION.

In the MATTER of THE INDIAN COMPANIES' ACT X. of 1866, and of THE BROACH MILLS COMPANY, LIMITED, in VOLUNTARY LIQUIDATION, under supervision of the Court.

NOTICE.—Pursuant to an Order made herein, dated the 28th February 1879, by the Honorable Mr. JUSTICE BAYLEY, one of the Judges of the said Court, the CREDITORS of the above Company are required on or before the 21st day of March 1879 to SEND in their NAMES and ADDRESSES, together with the PARTICULARS of their DEBTS or CLAIMS, and the NAMES and ADDRESSES of their ATTORNEYS (if any) to the Liquidators of the said Company, and (if so required by notice in writing from the said Liquidators) to come in and prove their said debts or claims at such time and place as shall be specified in such notice, and in default thereof they will be excluded from the benefit of any distribution made before such debts are proved.

FRIDAY, the 4th day of April 1879, at 11 o'clock in the forenoon, at the Chambers of the said Honorable Mr. Justice Bayley, in the High Court, is appointed for hearing and adjudicating upon the said claims.—Dated this 11th day of March 1879.

HAROLD & Co., Calcutta, and S. ROSE and Co., Bombay, have forwarded the "Sympathetic" and Mofussil Pianofortes to all parts of India, including Burmah, Ceylon, and also the Hill Stations of the various Presidencies, and they have always given satisfaction. Distant residents, if unknown to the firm, will much oblige by giving a reference, in order to prevent mistakes.

SOUNDY & CO., AGENTS, BOMBAY.

BILLIARD TABLES.

THE undoubted and established superiority of C. L. & Co.'s Billiard Tables is amply proved by the constant and increasing demand for them, showing that they are really the only tables now appreciated in India. This success is due to the steadfast efforts C. L. & Co. have always exerted to supply their constituents with really trustworthy and reliable articles at as moderate a price as is compatible with good workmanship and material. The generous and liberal support extended to C. L. & Co. for upwards of half a century, is sufficient proof that their endeavours to render satisfaction have been appreciated by a critical and discerning public.

While the superiority of C. L. & Co.'s Billiard Tables has been universally admitted in India, yet the difficulties and risks of transport have hitherto prevented their friends in Bombay from largely availing themselves of the undoubted advantages offered by C. L. & Co.

Now, however, C. L. & Co. beg to intimate to their patrons in the Western Presidency, that they have made arrangements which will enable them to offer their Billiard Tables at the same prices in Bombay as in Calcutta. A Branch Agency, under the management of Messrs. SOUNDY & Co., has been established at No. 22, Rampart Row, where Billiard Tables of C. Lazarus & Co.'s manufacture are arranged for sale ; and while thanking their constituents for the strongest support hitherto extended to their Firm, C. L. & Co. venture to express a hope that, with the increased facilities now offered, their manufacturers will be as well known in Bombay as they are already in other parts of India.

BILLIARD CUSHIONS.

C. Lazarus & Co. always keep on hand a large stock of their new and improved COMBINATION EXPRESS Billiard Cushions which can be fitted to any table, the exact length and breadth of the slate-bed being the only information required.

Old Billiard Cushions, if the woodwork is in good condition, can be renewed on the new COMBINATION EXPRESS principle, thereby making an old table as good as new.

IMPORTANT NOTICE.

C. Lazarus & Co. guarantee the SAFE ARRIVAL of their Billiard Tables at

COMMERCIAL INTELLIGENCE.

TUESDAY EVENING, 11TH MARCH 1879.

ALTHOUGH as regards actual quotations the Home telegrams received this morning do not show much change, there is a somewhat more cheerful tone apparent and business here to-day has had more life than has yet been manifested this season.

Consols in London remain unaltered at 96⅛; French Rentes at 114; Enfaced Rupee Paper at 74½ for Fours, and 80 for Fours-and-a-half. Quotations for Indian Exchange Bank shares show a decline during the week of £2-10 in Orientals and £1 in Hongkong and Shanghai. Chartered Mercantile are £1 higher, Chartered unaltered.

In the General Produce Markets Coffee and Cocoanut Oil remain unchanged, Wheat is quoted 1s. per quarter higher all round, and in Seeds we have to note an advance in Calcutta Linseed of 3d. per quarter to arrive and 6d. ex-Warehouse and 6d. in Calcutta Rapeseed ex-Warehouse. At the London Skin Sales there has been a fair demand, but prices are generally lower. Goat Skins were slow of sale and 1d. to 2d. per lb. lower. The total number of Skins sold is 1,351,000.

The Manchester Piece Goods Market is reported dull, but the Liverpool Cotton Market notwithstanding closed firm, the day's sales being 8,000 bales, spot quotations are unaltered, and Reuter does not mention arrivals, but we learn from private sources that there are now buyers at previous sellers' rates. From New York yesterday's telegrams still quote ready Mid. Uplands at 9⅞ cents., but June shipment has advanced from 10·18 to 10·21 cents. per lb. The receipts at the ports so far this week are moderate, the following being the figures to date:—

	1879.	1878.	1877.
Two days' Receipts.....	19 000	19 000	8,·00
Three days' do.	31,000	28,000	16 000
Total since 1st Sept. 3,934,000		3 677,000	3 621,000

Bar Silver in London is quoted at 49¾d. per oz., a decline of 1-16d. from Saturday.

EXCHANGE.—A firm steady feeling has characterised the market to-day, but no appreciable change in rates can be quoted except perhaps in 6 months' sight Credits which are 1-32d. lower. If anything the Banks seem more willing sellers than buyers at the present level, and for future delivery there is only one buyer at an advance of 1-16d. per Rupee per month, showing that the general feeling is in favour of higher rates later on. We quote:—

Bank Bills, on demand.....1s. 7¼d.		per Re.
Do. 4 months' sight ...1s. 7 7-16 to ¼d.		"
Credits, 3 " " ...1s. 7 7-16d.		"
Do. 6 " " ...1s. 7 19-32 to ¾d.		"
Documents, 3 " " ...1s. 7¼d.		"
France ..... 2·05		"
Sovereigns each	Rs. 12-6.	

In Gold we have not heard of any business and we still quote Rs. 19-10-9 per tola.

On Calcutta the rate for demand drafts remains at par, and for 60 days' sight at 1½ per cent. discount.

GOVERNMENT SECURITIES are very dull with no buyers of any amount. Quotations are for Fours Rs. 94; New Fours and-a-half Rs. 99⅜.

The SHARE MARKET has reopened to-day with a nominal advance in rates, but the business doing is insignificant and confined to speculative operations amongst the brokers. Bank of Bombays have risen ½ per cent. closing at Rs. 672½, and National Bank are Rs. 5 higher. In Land Companies we notice a decline of Rs 20 in Colabas and an advance of Rs. 7½ in Port Cannings. Press shares are all unaltered, but for Spinning and Weaving Companies speculative enquiry has prevailed, and we have to notice an advance of Rs. 5 in Bharumuggar and Jewraj Balloo, Rs. 10 in Esplins Muccunjee and Morarjees Goculdass, Rs. 15 in Great Eastern, Manockjee Petit and Oriental, Rs. 25 in Madras United, and Rs. 40 in National. Alliance Spinning have declined Rs. 35 and Bombay-Burma Trading Company Rs. 15 per share.

Coffee, owing to firmer accounts from Home, has been comparatively active, and on the Green about 2,000 bales have been bought for export irrespective of sales by European agents. Prices are about Re. 1 per candy higher and at the close sellers are decidedly firm both for ready and forward. The demand has been mainly for Good Omras from Rs. 187 to Rs. 191 according to quality, but considerable transactions in Broach have also taken place. The receipts into Bombay yesterday were 4,484 bales, making a total of 13,642 bales for the five days, and during the remainder of the week we must look for a continuance of small supplies, the arrivals into the up-country markets being limited. We quote:—

Good Ginned Broach ready .....Rs.	205 per Candy.	
Do do April ..... "	202	"
Good Omra, " ..... "	191	"
F.G.F. do " ..... "	183	"
G.F. do " ..... "	178	"

SEEDS.—For Linseed there is a fair enquiry at Rs. 6-9. Rapeseed is unchanged at Rs. 6-14 to Rs. 6-15. Gingelly is in active request at Rs. 43 for White.

FREIGHTS have shown rather more animation to-day and a larger business has been done although not at higher rates. For Liverpool by steam the quotation is still 25s. and by sail 22s. 6d but firm at that. The s. s. Hesleden is reported fixed for London at 27s. 6d. with concessions. For the Mediterranean ports 32s. 6d., payable here, is the current quotation.

PIECE GOODS are steady, but only a small business is passing as yet and there is no movement in prices.

COALS are very quiet. The sale is reported of the cargo of Cardiff per Salisbury (s. s.) now in harbour at Rs. 20-12 per ton alongside.

UNATTACHED OFFICERS.

Under the authority of the Right Hon'ble the Secretary of State, the regulations governing the promotion of Officers of the Unattached List, are revised as follows:—

I—Unattached Commissions are conferred on Warrant and Non-Commissioned Officers employed on staff or detached duty who may distinguish themselve in action on the recommendation of the Commander-in-Chief and the Government of India.

II—The rank of 2nd Lieutenant will be given in the first instance, promotion to the grade of Lieutenant being granted after one year's service; to Captain after 12 years' service, and to Major after 22 years' service, from date of first commission, provided that for each step of rank the prescribed examination is passed and the officer is reported by the Commander-in-Chief to be eligible in all other respects for the higher grade.

III—The qualifying period of service and examination may be relaxed on the recommendation of the Commander-in-Chief in the case of those officers who perform further distinguished service in the field, subsequent to the date of their last promotion.

IV—Captains of the Indian Unattached List who obtained their promotion to that rank prior to the 30th October 1871, may be advanced to the next higher rank without examination, provided that they are reported to be in other respects qualified for promotion; but those whose commission as Captain bears a subsequent date must pass the prescribed tests before becoming eligible for promotion.

V—This order is applicable to the three Presidencies.

BENGAL GOVERNMENT ORDERS.

(*Calcutta Gazette*, March 5.)

Mr Dalton, Deputy Commissioner, Cooch Behar, to be a Deputy Commissioner of the second Grade.

Captain Lillingston, Officiating Deputy Commissioner, Julpigoree, to be a Deputy Commissioner of the Third Grade.

Mr Waller, Officiating Magistrate and Collector, Bankoora, to be a Deputy Commissioner of the Fourth Grade.

Mr Toynbee, Officiating Magistrate and Collector, Patna, is allowed leave for two months and ni eteen days.

Mr Lyon, Assistant Magistrate and Collector, Dinagepore, is transferred to Bogra.

Mr Grimley, Junior Secretary to the Board of Revenue, is allowed furlough for eight months.

Mr Renny will continue to act as an Assistant Commissioner of the Third Grade.

NORTH-WESTERN PROVINCES ORDERS.

(*North-Western Provinces Gazette*, March 8.)

Dr J W Tyler, Superintendent Central Prison, Agra, three months' privilege leave.

Mr Hennessy, Officiating District Superintendent of Police, Lalipur, one year's leave.

Mr Sladen, Magistrate and Collector, Saharanpur, furlough to Europe for seven months.

Mr. Baratow, Officiating Magistrate and Collector, Ghazipur, furlough to Europe for six months.

Mr Boys, Assistant Commissioner, Fyzabad, to officiate as Deputy Commissioner of Gonda.

Mr Elliot, Magistrate and Collector, Hamirpur, to officiate as District and sessions Judge, Mainpuri.

Major Low, Assistant Commissioner, Sultanpur, to officiate as Deputy Commissioner, Partabgarh.

Captain Webb, Commander Depot, 8th N I, Agra, to officiate as Cantonment Magistrate, Agra, in addition to his military duty.

Preparatory leave for one month is granted to Deputy Assistant Commissary General Richards, Assistant Engineer, Lucknow district, Lucknow Provincial Division, for the purpose of his appearing before the Standing Medical Board at Bombay.

Privilege leave for three months is granted to Mr Will ore, Executive Engineer, Lucknow provincial Division.

Mr Heath, Temporary Executive Engineer, is retransferred to the Archæological Division, Agra.

ORDERS BY THE COMMANDER-IN-CHIEF IN INDIA.

Adjutant General's Office, Simla, March 1.

The Commander-in-Chief is pleased to make the following appointments:—

24th N I—Lieut Maxwell Wing Officer, to be Quartermaster, in succession to Captain J Manson, vacated on promotion.

34th N I—Captain Spencer, Bengal Staff Corps, to be Wing Officer, vice Hays, exchanged to the 3rd Goorkhas. Lieut Cotton, Bengal Staff Corps, to be Wing Officer, vice Nicolay, promoted.

The Commander-in-Chief in India is pleased to sanction the following transfers of Staff Corps officers:—

16th Bengal Cavalry.—Lieut Woolley, from the 4th Bengal Cavalry, as Officiating squadron officer, on probation.

13th N I.—Lieut Wilson, from the 41st N I, to be Officiating Wing Officer, on probation.

Colonel Walker, R A, is directed to proceed from Allahabad to Lucknow, for duty with the R A at that station.

MONEY in the public treasuries, and at credit of the Government in the Presidency Banks and their Branches, on the last day of the month of January 1879, with the corresponding figures on the second day of 1878 and 1877:—1877, Rs. 11,62,16,676; 1878, Rs. 13,76, 84,171; 1879 Rs. 12,80,73,283.

POSTAL NOTICES.

OVERLAND MAIL.

The following is the revised list of the hours for closing the Overland packets:—

Letters will be received at the General Post Office up to 5-30 p.m.

Newspapers, Books, and Patterns up to 4 p.m.

Registered Letters up to 3 p.m.

Registered Letters, if fully prepaid, together with an extra fee of two annas, will be received at the General Post Office between 3 and 4 p.m.

Late Letters, if fully pre-paid by means of stamps in respect both of postage and of the *late fee* (two annas each), will be received at the Wellington Pier Post Office from 5-30 to 6-30 p.m.

The latest hour for posting ordinary Overland covers at the several Branch Post Offices will be 4 p.m., and registered letters at 2 p.m.

Fully-prepaid letters will be received on board the Overland Mail Steamer after 5 p.m. and up to starting time (7 p.m.) by the payment of an additional fee of four annas. All others will be refused.

DESPATCH OF INLAND MAILS FROM BOMBAY.

No after-packet will be made up at the General Post Office and the times for posting are given in the subjoined table.

A Post Office is established at the Bori Bandar Railway Station, where Letters and Papers, too late for the Mail closing at the General Post Office, are received *without fee* up to 5 minutes of the departure of Trains.

No Letters or Papers can be posted in the Railway Carriage Letter Box.

Table showing the hours for closing the Inland Mails which came into force from the 16th October 1878 and will continue so until further notice:—

LATEST INTELLIGENCE.

THE COURT OF MANDALAY.

CALCUTTA, MARCH 11.

The latest telegrams from Mandalay are dated the 10th inst. and were received on the 11th. Up to the evening of the 10th no disquieting incidents were reported, though the aspect of affairs was still uncertain, and the anxiety caused by the recent acts and conduct of the Court party had not subsided.

BUSHIRE NEWS.

From Bushire news comes that the boats of the Vulture had recaptured one stolen from a Bahrein vessel while lying in a bay opposite Bahrein. The Turks had taken some preventive measures from Ratief.

THE AFGHAN WAR.

FROM OUR SPECIAL CORRESPONDENTS.)

ANOTHER CLAIMANT TO THE THRONE AT KABUL.

JALLALABAD, MARCH 9.

Complications have arisen at Kabul regarding the succession to the throne. The late Abdulla Jan's mother has advanced the claims of her son-in-law, Hasham Khan, son of Mahomed Sharif Khan. The troops with Shere Ali at the time of his death also declared for Hasham Khan.

HEALTH OF THE TROOPS.

The health of the troops here is unsatisfactory, over 100 British soldiers being sent to the base hospital at Peshawar.

IMPROVEMENT OF THE ROADS ON THE THUL-CHOTIALI ROUTE.

From Major Sandeman, at Khusbdil Fort, near Quette, intelligence has been received that the arrangements for the march of the troops *via* the Thul-Chotiali route were completed before the 8th. The neighbouring Kakar Chiefs are most friendly. Kakar labourers are making the Juranari Kotal, the only difficult Pass between Quetta and Thul-Chotisli, fit for camels. The Engineer officer in charge is of opinion that with a little labour and expense it could be made fit for carts. Supplies have been collected without difficulty at Khusbdil for one month sufficient for the entire force returning that way. The nephew of the late Haji Khan Kakar, with influential Kakar maliks, is reported to be *en route* to join Major Sandeman. The supply question is causing no anxiety. Kakars have taken service to carry the mails. Mr. Fryer has marched from Barkhan for Parrand.

STEAMER REPORT.

MADRAS, MARCH 11, 5-45 P.M.

Manila Mail leaves Hongkong 3 p.m. Saturday 15th.

It will be seen from an official notice published in our second page that H. E. the Governor's Levée will be held on Thursday, the 20th inst.

MR. J. B. PAILE yesterday assumed charge of the office of acting Political Secretary to Government; and will, on Mr. Ravenscroft going into Council next month, be appointed to act as Chief Secretary.

We have been presented with a copy of the Bombay Chamber of Commerce Report for 1877-78, which is a bulky volume of upwards of 500 pages. Its contents comprise, besides the annual Report of the Chamber, numerous Appendices, embracing papers and correspondence on a variety of important subjects which have come up for discussion or treatment during the year reported upon, and which, preserved in this form, will be found invaluable to all interested in commerce. The able and indefatigable Secretary of the Chamber, Mr. Gordon, has, we see, introduced a new feature into this volume, which will prove of great utility to the mercantile and shipping interest, and to investors in Government Securities—we refer to the tables giving weekly current quotations of Exchange, rates of Discount, Government Securities, Imports and Exports of the principal articles and staples of trade, and Freights. These quotations will, of course, become a permanent feature in every subsequent Report, and therefore, as the years roll on, will prove invaluable for authoritative reference to all interested in trade and commerce.

THE unwillingness of capitalists at Goa to subscribe to the new loan issued by the Goa Government has, we hear, induced the Governor-General to mortgage the revenue of the civil communities for the payment of interest. This is thought to be a sufficient guarantee to induce subscriptions to come in.

THE Gujarat College class was opened at Ahmedabad on the 3rd inst., when the Principal pointed out the advantages of being able to keep terms without the expense attending residence in Bombay. A fair number would join, we hear, if the Syndicate, taking into consideration the disadvantage of beginning so late in the term, would grant a liberal grace, so that half the days required may be made up after June. Unless this is promised students naturally hesitate. Some scholarships will probably be attached to the College.

WITH reference to the rules regarding the compulsory retirement of officers of the Public Works Department on attaining the age of 55, published in Public Works Department Notification No. 223 of 23rd May 1872, it is ruled that an officer of Royal Engineers in the Public Works Department is not regarded as in civil employ in respect of those regulations.

THE Governor General in Council is pleased to notify, under instructions from Her Majesty's Government, that officers returning to England on promotion to the rank of Major-General are entitled to passage money or contract passage only as regimental officers, and cannot be provided with passages in Her Majesty's Indian troopships.

IT is notified that His Excellency the Viceroy will remain in camp at Lahore about a month and then proceed to Simla.

THE following Resolution is published in the *Gazette of India*:—"It has been brought to the notice of the Government of India, that articles liable to Sea Customs duty are frequently imported into India through the Letter Post and thus escape the duty to which they are liable. Such importations are in direct contravention of the Indian Post Office Act, 1866, section 60 of which Act declares that any covers supposed to contain articles subject to Customs duty may be opened by the Post Office athorities after due notice to the sender has been given to the addressee. His Excellency the Governor General in Council desires to remind the public that the importation through the Letter Post of goods liable to duty is illegal, and to notify for general information that the provisions of section 60 of Act XIV. of 1866 will be strictly enforced."

UNLESS the Presidency towns make haste (says the *Pioneer*) Pondicherry will be *urbs prima in India*, so far as the electric light goes. M. Bernes, an engineer, is now on his way out from Paris for the express purposes of lighting the capital of French India, according to the latest inventions.

THE writer of "The Week" in the *Englishman's Saturday Evening Journal* says:—There is a report going about that not only are changes threatened in the constitution of the original side of the High Court, but that also some important changes are to be made in the constitution of the Legislative Council, which hatches the laws that the High Courts have to administer. The present Council is said to be found too cumbersome for the satisfactory despatch of legislative business, and it is proposed that in future the laws will be decided upon by the Executive Council, after being put into shape by the gentlemen lately nominated as members of the Law Commission. I cannot vouch for there being any truth in either of the reports, but, as a chronicler of Calcutta gup, I jot down what I have heard.

THE *Madras Times*:—Piecing together the particulars of the disaster on the Tugela river received by the mail-steamer and subsequent news transmitted by telegraph, what General Lord Chelmsford's mistake really was is clearly apparent. He was guilty of under-estimating his foe, and took little or no trouble to ascertain that foe's whereabouts or become acquainted with his strength. It seems hard to believe, and yet it is a fact, that the Commander-in-Chief was within twelve miles of the disaster on the day it occurred, and knew nothing of what was transpiring until the morning of the next day, when, with his staff, he returned from a reconnoitring expedition to the post where eighty men had been gallantly fighting with, and had repulsed, four thousand of their enemies. It is a curious misfortune, that the Commander-in-Chief should have been looking for the enemy in the direction where that enemy was conspicuously absent.

THE CAPTURE OF THE PEIWAR KOTAL.

SUPPLEMENTARY DESPATCH FROM MAJOR GENERAL ROBERTS.

IN continuation of G. G. O. No. 1226, dated 31st December 1878, the Right Hon'ble the Governor General in Council directs the publication of the following extract of a despatch from Major-General Roberts, C. B., V. C., Commanding the Kuram Valley Field Force, submitting a supplementary account of the capture of the Piewar Kotal on the 2nd December 1878:—

From Major-General F. S. Roberts, C. B., V. C., Commanding Kuram Field Force, to the Quartermaster-General in India, Army Head Quarters,—Head Quarters, Camp Matun, the 24th January 1879.

SIR,—With reference to the correspondence forwarded with your No. 107 F-C of the 13th January 1879, I have the honour to submit, in continuation of my despatch dated the 5th December 1878, the following supplementary account of the operations which led to the capture of the Peiwar Kotal.

2. In paragraph 18 of my previous despatch, I reported that the following troops under Brigadier-General A. H. Cobbe were left in camp on the night of the 1st December, when the turning force under my personal command marched for the Spin Gawai Kotal, viz:—

2 Guns F-A. Royal Horse Artillery.
3 ,, G-3rd Royal Artillery.
12th Bengal Cavalry.
2-8th Foot (Wing.)
5th Punjab Infantry.

3. The guns under escort of a company of the 8th Foot were placed in position about 1,700 yards from the Peiwar Kotal shortly before day break, and they opened on the enemy's artillery about a quarter past 6 o'clock.

4. The Infantry were at the same time extended under cover, and slightly in advance of the guns.

5. At 8 A. M., two companies of the 8th Regiment were pushed forward to within 1,300 yards of the enemy's line of defence.

6. At about eleven o'clock, the two Afghan guns which were placed to our left of the pass were silenced. The Infantry simultaneously advanced from ridge to ridge, and by noon had approached to within 1,400 yards of the top of the pass.

7. At this time Brigadier-General Cobbe was severely wounded, and the command of the troops devolved on Colonel Barry Drew of the 8th Regiment.

8. The 5th Punjab Infantry, who were on the right of the attack, and who had succeeded in gaining a position close under the main ridge, now established communication with and joined the column which had come over the Spin Gawai Kotal.

9. Shortly after one o'clock, the remaining infantry, which consisted of five companies of the 8th Regiment, gained a crest from which they were able to open fire at a distance of 800 yards upon the enemy's guns at the Kotal.

10. About 2 P. M., the enemy's defence appeared to be so much shaken that Colonel Drew resolved to deliver his attack. As his infantry were crossing the broken ground to gain the road which led up to the Kotal, they were subjected to a dropping fire; but once on the road all opposition ceased, and shortly before half-past two the troops entered the Afghan position without suffering further loss.

11. The 12 h Bengal Cavalry under Colonel Hugh Gough, C.B., V.C., were immediately sent in pursuit, and captured several guns which had been abandoned by the enemy in their rapid flight.

* * * * *

I am, &c.,
FRED. S. ROBERTS, Major-General,
Comdg. the Kuram Column.

STATE OF THE SEASON AND PROSPECTS OF THE CROPS

For the week ending 4th March.

GENERAL REMARKS—General prospects in Madras have not changed during the week. In the Bombay Presidency the *rabi* is fair in Sind, Gujarat and Conkan; in Kaladgi heavy rain has proved injurious to the crops, and in several districts in the Deccan and the Southern Maharatha Country damage is being done by rats. There has been no alteration in Berar. Slight rain fell in a good many districts of the Central Provinces, but the weather is now clear; the harvesting of the *rabi* continues and promises fairly; prices remain stationary. The repor s from Berar and Central India do not exhibit any material change. Rain has fallen in Rajputana and the weather is cloudy; though blight is feared, prospects are fair and prices stationary. In Bengal, some crops are being reaped with a fair outturn, and those on the ground are in a satisfactory condition; rain is, however, still required in parts of Central and Eastern Bengal; public health is good, but small-pox is reported from many and cholera from some districts. In part of Assam slight rain has fallen and benefitted the crops, but more is wanted generally. The report from British Burma shows that the health of the Province is generally good. In the North-Western Provinces and Oudh the harvest has commenced in some districts and the outlook is fair. Harvest prospects in the Punjab have on the whole somewhat improved, especially in the Frontier districts.

THE INSOLVENCY OF MESSRS. HAMILTON MAXWELL AND W. G. HALL.

YESTERDAY Messrs. Hamilton Maxwell and W. G. Hall, lately traded in Bombay with Messrs. J. Fleming, R. Mellwraith, and W. Nicol under the name and style of W. Nicol and Co., filed a petition and schedule in the Insolvent Debtors' Court, Bombay. The total amount of debts due by the firm, exclusive of the debts due to the creditors who have signed the Trust Deed, is set at Rs. 51,71,047-13-10; the assets none. The debts of the Kurrachee firm are put down at Rs. 8,97,657-8-3; the assets none. The general balance sheet attached to the schedule gives the following particulars:—

GENERAL BALANCE SHEET.

DEBTOR.	Rs. a. p.
Capital in August 1864, consisting of household goods and stock in trade ...	46,56,146 13 10
Aggregate amount of debts as in schedule ...	Rs. a. p. 51,71,047 13 10
Deduct those for which we have received no consideration 300 0 0	
Debts contracted since 1864 for which we have received consideration	51,70,747 13 10
Debts due to creditors who have signed the trust deed	32,92,402 6 2
Profits of busines in each year. Amount to the credit of Profit and Loss Account in 1867-68	7,88,194 11 6

WHO ARE THEY?

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—Can you tell me who are the "leading citizens" who, according to the *Times of India*, are to assemble on Thursday in "the new building next door to the Bombay Club, for the purpose of considering what steps should be taken to convene a public meeting of the inhabitants of Bombay to protest against the contemplated repeal or reduction of the import duties on cotton goods." One thing is certain, they must be remarkably long-winded gentlemen, if we are to judge of them by this description of their intentions. Of course, the chair will be taken by that "leading citizen" and disinterested patriot, Mr. Nursey Kessowjee, and it is understood that a distinguished European gentleman whom the Government entertain at their own expense in a palatial building at Byculla has kindly consented to perform the duties of Vice-Chairman, if Captain Walshe can spare him for the afternoon. But who are the rest of the leading citizens? Pray enlighten us, Sir, if you can.

Bombay, March 11. NOBODY.

THE PLEADERS' EXAMINATION.

TO THE EDITOR OF THE "BOMBAY GAZETTE."

SIR,—The rules and regulations made by the High Court, and published in the *Government Gazette* of the 17th October 1878 at page 625, with regard to the High Court and District Pleaders' examinations, are somewhat puzzling. It is difficult to answer the question that will naturally arise, especially when he comes to those rules which relate to the number of marks a candidate should get to entitle him to be considered to have passed the examination. It is ruled that a candidate is entitled to plead in the High Court, or if a vacancy is available, to be appointed as a munsiff, provided he secures 70 per cent. marks; but that a candidate will be allowed to plead in the district, who, failing to secure 70 per cent. marks, gets only 50 per cent. marks. Now, will any one satisfy us on this point—*viz.*, if a person who shall have got only 50 per cent. marks, and who will as a matter of course be allowed to plead in the districts, were to present himself to the High Court pleaders' examination, but unfortunately failed to secure even 50 per cent. marks, how will that candidate be dealt with? Will he be allowed to continue in his capacity as a district pleader, or will it be deemed right by the High Court to deprive him of his *sanad*? This question has become a subject of much discussion amongst many candidates.

A CANDIDATE FOR THE NEXT EXAMINATION.

March 10.

BOMBAY.

HIS Excellency the Governor will preside at the public Exhibition and distribution of prizes of the Scottish Day Schools in the Framjee Cowasjee Hall at five o'clock this afternoon.

THE band of H. M.'s 9th N. I. will play at the Art Exhibition, School of Art, this evening.

The following programme will be played by the band of the 7th Royal Fusiliers at the Esplanade bandstand this evening:—

March	Tannhauser	Wagner.
Overture	Crown Diamonds	Auber.
Valse	Fiora Du Printemps	Basquet.
Duet	I. Brigadi	Mercadante.
Selection	Semiramide	Rossini.
Galop	Earl of Chester	Koessel.

LENT LECTURE.—The third lecture of the course on the Words from the Cross will be delivered at the Cathedral at six o'clock this evening.

SIR CHARLES SARGENT will give judgment in the case of the Oriental Bank and others against Messrs. Nicol and Co. to-morrow, Thursday.

THE services of Mr. Crosthwaite, Executive Engineer, at present employed under the Baroda State, are replaced at the disposal of his Public Works Department.

THE amount of cash held in the reserve treasury of the Government of India on the 6th March was Rs. 97,46,528-0-8.

THE recognition by the Government of India of the appointment of Monsieur LeChevalier Charles Grendona as Acting Consul for Belgium at Bombay, during the absence of Mr. Masotti, has been confirmed by Her Majesty's Government.

THE NEW HIGH COURT BUILDING.—Endeavours are being made by Mr. Orr, the Prothonotary, to push on arrangements under which the Judges of the Original Side might possibly take their seats in the new High Court building from Monday next.

THE quantity of cotton shipped from ports in Sind to foreign or external ports, during the month of February, was bales 2,324, or 1,423 candies and 176 lbs., valued at Rs. 1,98,930. In addition to the above, 793 pressed bales of cotton, weighing 3,10,800 lbs., of the value of Rs. 69,217, were shipped to Bombay.

HOUSE TRESPASS.—A Hindu, named Tooljaram Jairaz, was yesterday fined Rs. 20, or in default to one month's rigorous imprisonment by Mr. W. Webb for trespassing in the dwelling house of Pestonjee Bomonjee at Byculla.

COMMITTED TO THE SESSIONS.—A notorious character, named Hormusjee Framjee, was yesterday committed by Mr. W. Webb for trial at the next Criminal Sessions of the High Court for stealing Rs. 1-6 in cash and other petty articles valued 2 annas, belonging to Ludha Jewa.

PERJURY.—A Hindu, named Luximon Porsis, was yesterday convicted by Mr. C. P. Cooper of giving false information to a public servant, and thereby causing such public servant to use his lawful authority to the annoyance and injury of Changoo Luximon, and was sentenced to three months' rigorous imprisonment.

FATAL RAILWAY ACCIDENT.—A Coroner's inquest was held yesterday at Mahalakshmi on view of the body of a Hindu woman, who was on that forenoon, while endeavouring to cross the B. B. and C. I. Railway line at No. 8 level crossing gate between the Mahalakshmi and Grant Road stations, was knocked down and run over by an engine and was killed on the spot. A verdict of accidental death was recorded.

DISORDERLY BEHAVIOUR.—A Hindu, named Bhow Ranoo, was yesterday charged, at the instance of Mr. Barnes, chief constable of the G. I. P. Railway Police, before Mr. W. Webb, with disorderly behaviour at the Byculla railway station, and also with resisting a police officer in the execution of his duty. He was adjudged guilty and fined Rs. 40.

A DISHONEST SERVANT.—José Caitan Fernandes, a servant employed at St. Mary's Institution, Nesbit Lane, Byculla, was yesterday convicted by Mr. W. Webb on two charges of theft of property consisting of cash, pictures, medals, rosaries, wearing apparel, &c. of the collective value of Rs. 120, belonging to the Rev. F. Dalling and Mr. C. O'Neil, and was sentenced to an accumulated term of seven months' rigorous imprisonment.

A WONDERFUL INSTANCE OF OFFICIAL INDU-TRY.—On the recent promotion of Mr. José de Sa Coutinho from a District Judgeship to be Judge of the High Court, Goa, an address was presented to him by some of the inhabitants with a gold medal, and another address by the merchants offering him a gold pen, for his great impartiality and unprecedented zeal in the administration of justice. A magistrate who had the rare patience of disposing of civil and criminal processes accumulating, we are told, for a quarter of a century, is no doubt worthy of the popular demonstration of respect that has been shown to him.

THE PICTURE CASE.—The hearing of this case was continued at the High Court yesterday before Mr. Justice Bayley. Mr. Gill and Mr. Starling, instructed by Messrs. Muljee and Bomonjee, appeared for the plaintiff; and Mr. Inversity, instructed by Mr. Hearn, Government Solicitor, for the defendant. The plaintiff's cross-examination was continued and concluded, after which Mr. Inversity addressed the Court on the whole of the plaintiff's case. He remarked that the damages were absurdly over-estimated; and that the pictures were mostly injured in their being frequently shifted by the plaintiff himself from one place to another. The bad packing when they were sent to this country from England also contributed to the damage. Mr. Terry was the first witness called for the defence; but his examination was not over when the court adjourned until to-morrow

THE BOOKS OF KESSOWJEE NAIK.—It is surely a bad state of the law which admits the refusal by the Hon. Mr. Justice Bayley to allow any investigation of the books of Mr. Kessowjee Naik, because they were in the custody of the Insolvent Court. It is believed, rightly or wrongly, that these books would have supplied the matter required by Mr. Starling in prosecuting his case against the mill directors. What a fuss was made only the other day because the Collector of Kaira hesitated about sending up papers required by the acting Judge at Surat. We fear there is just as much obstructiveness in Bombay law as in Mofussil law.—*Deccan Herald.*

COURAGE OF A TAMIL WOMAN.—A correspondent of the *Deccan Herald* writes:—"On the 6th March, a Tamil woman, Seeta-amma, wife of Krishna Swamy Pillay, who was on her way to Sadawal Peer, opposite the Poona Boat House, cautioned her two daughters, her niece, and her nephew aged 12 years, to sit to their meal at a distance of 50 feet from the water's edge; she then went to wash her hands and face. All but the boy obeyed her, who followed, and when she turned her face away he stood carelessly on the slippery bank. Suddenly his foot slipped and he went down into 15 feet of water. The noise of the fall arrested the attention of the woman, and to her great dismay saw the boy struggling in deep water; in a moment, she plunged into the water after the boy. The bold plunge brought the boy into her hands, but after getting him in her arms, she knew not how to save him and herself, as she was ignorant of the art of swimming. She struggled to save herself and the boy, but her struggles were in vain, and both of them in a few minutes went to the bottom of the river. In the meantime the cry raised by her children and nieces attracted the notice of an Alandi Warkari, who was expert in swimming, and he boldly plunged into the water and saved the two drowning people, and managed to drag them both out of the water."

THE TRAFFIC ON THE G. I. P. RAILWAY.—The decrease in goods traffic on the G. I. P. Railway for the week ending 1st March 1879 was 1,05,108 maunds, and in money Rs. 1,03,185. The quantities carried and the earnings compare with 1878 as follows:—

THE HYDERABAD SPINNING AND WEAVING COMPANY.

A GENERAL meeting of shareholders of the Company was held yesterday at its registered office, 5, Hornby Row, to receive and adopt the directors' report and audited balance sheet; to elect directors; and to appoint auditors. Mr. Dinshaw Manockjee Petit, chairman of the board of directors, was in the chair. The notice convening the meeting and the directors' report were read.

The profit and loss account for the twelve months ending 30th June 1878 showed a loss of Rs. 10,046-13-11. The report stated that, owing to the failure of Mr. Nicol and Co., which took place on the 4th October 1878, the directors took the management of affairs in their hands, nominating Mr. Dinshaw Manockjee Petit to act as manager on their behalf temporarily. An extraordinary general meeting was called on the 23rd November 1878 for appointing a new secretary and treasurer and for taking into consideration a letter received from Mr. Salar Jung, to the effect that he would not recognise any other management except that hitherto carried on or that of Kessowjee Naik, the original *concessionaire*. The letter was brought to the meeting by Mr. J. S. Keay, who claimed to be a partner of Nicol and Co.'s firm; but it must be admitted that these works will compare favourably with any that have been carried out by contractors in this Presidency. The Town Council are probably aware that in order to save time and trouble as well as money, it is usual to procure the materials for all large departmental works from contractors; and as this arrangements will enable the Executive Engineer and his assistant to devote the greater portions of their time to the supervision of labour and the actual construction of the drains, I proposed to adopt it in the present instance to the fullest extent.

The principal items of expenditure in the drainage works are as follows:—

Quantities.	Particulars.	Rate.	Per.	Amount.
		Rs a.p		Rs.
80,00,000	Bricks.....	15 0 0	1,000	120,000
150,000ft.	Pipes of sizes.....	1 8 0	P-f-t.	225,000
9,660 Barrel-	Cement	12 0 0	Barrel	115,920
2,562Candies	Lime	4 0 0	Candy	10,248
2,562 do.	Sand.....	1 0 0	do.	2,562
644 do.	Aden Pumice shingle	12 0 0	do.	7,728
3,080 Brass.	Broken stone	7 0 0	Barr.	21,560
200 do.	Rubble stone	7 0 0	do.	14,000
	Estimated cost of Timber for centering and Timber for shoring			12,000
	Do. for Pipes....			10,000
6	Mortar Mills at	500	each	3,000
2	Engines & Boilers at	4,000	do.	8,000
		Total.	Rs.	5,50,018

The whole of the abovementioned supplies may be obtained by contract except the bricks, and as regards these, it has been decided that none shall be used except Municipal bricks which are very superior to what can be procured elsewhere, and which are now being turned out at a sufficiently low rate to leave a fair margin of profit to the Municipality.

The pipes which are a heavy item will, of course, be obtained direct from the manufacturers in England as also the engines and pumps. Every thing else can be supplied by local contractors and probably at lower rates than those offered by some of the contractors whose tenders have been recently considered. Deducting from the Executive Engineer's estimate of Rs. 1,324,824 the estimated cost of the materials to be supplied by contract as shown above, there remains a balance of Rs. 7,74,824 to be expended on labour alone. It cannot be contended that the large special engineering establishment of the Municipality, comprising 3 engineers of ability and experience, is not competent to undertake the organization and supervision of labour to that extent seeing that the ordinary expenditure of the Executive Engineer's office of which Mr. Walton has been relieved during his employment on special duty amounts to 7 lakhs of rupees per annum; nor can it be contended that the Executive Engineer on special duty will be unable to procure as much labour as he may require for the construction of the drainage works, for the Town Council will remember that when the Municipality found it necessary to supplement the labour employed by Municipal contractors, who for various reasons have occasionally been unable to procure as many labourers as they required for the works upon which they were engaged, the Executive Engineer has had no difficulty in supplying the deficiency.

It stands to reason that a departmental work which is thoroughly organized and carried out by a staff of competent engineers must necessarily be equal in quality to the work of the best contractors, and superior to that of the best contractors, and superior to that of any but the best contractors, for there cannot be any temptation to the Engineer to put in bad work or to allow bad work to pass as a contractor is naturally anxious to make as much profit as possible out of his contract, whereas the Engineer in charge of a departmental work would endeavour for the sake of his own reputation, if for no other reason to carry out the work entrusted to him to the best of his ability and within the amount placed at his disposal by his employers.

The accompanying letter from Mr. Walton shows that the whole of the work included in contracts A and D is covered by his estimate which, as will be seen, is well within the amount of the loan of the 17 lakhs and shows a probable saving of Rs. 1,22,351.

In the estimate Mr. Walton has not taken advantage of the low rates tendered for many of the items by some of the contractors; but if it should turn out that the work can be obtained at the lower rates the Municipality will get the benefit of it, and there will be a corresponding saving on those items in consequence of the reduced rates on this point and in regard to expenditure generally. The Town Council will receive the fullest information from the Executive Engineer's monthly progress report which will also enable them to judge for themselves whether or not the works are being economically and satisfactorily carried on. I see no reason to fear that the Engineer's estimate will be exceeded for the price of labour, which is the only item in which an excess is at all probable is not likely to rise, and if it should, there will be an available balance of Rs. 1,22,000 to meet it.

I have taken the opinion of the Consulting Engineer on my present proposal and he informs me that the work cannot only be done better departmentally but cheaper, any further information that may be required from that gentleman he will be happy to supply at the meeting of the Town Council.

Mr. Walton is willing and anxious to undertake the drainage works as now proposed, for he is confident that with the staff at his disposal he can carry them out to the satisfaction of the Town Council and Corporation, and that the Town Council need not be under any apprehension of the result.

I am sensible that a serious responsibility rests upon myself in this important matter, but I am ready to accept it. I have every confidence in the Executive Engineer and his assistants, and I feel assured with the valuable assistance and advice of the Consulting Engineer and with careful attention to detail on the part of the Executive officers of the Municipality there need not be the slightest apprehension of failure, but on the contrary that there is every reason to believe that the work executed will be of the best description and will be carried on and completed with one regard to the interests of the Municipality.

So much valuable time has been lost in disposing of the important question that I would most earnestly beg of the Town Council to accede to my present proposal without delay. Three months of the working season still remain and a great deal may be done in that time provided a commencement can be made at once and when the works are carried on energetically, but unless a commencement can be made at once it will be hardly worth while to do any thing until after monsoon, and by that time nearly the whole of the year will have been wasted.

In conclusion I would beg to remind the Town Council that the Municipality have on more than one occasion been threatened with legal proceedings unless the night soil depot and outfall at Carnac Bandar were done away with. And as the Prince's Dock is now nearly completed we may calculate upon such proceedings being taken unless something is done very shortly towards the abatement of the nuisance.—Yours, &c.,

J. H. GRANT, Municipal Commissioner.

10th March 1879.

J. H. GRANT, Esq., C. S., Municipal Commissioner.

SIR.—I have the honour to forward the revised estimates for the Drainage Works proposed to be carried out under the 17 lakhs loan.

I have worked out the estimates on the contract forms for contract No. A and contract No. 1. B., and have appended a detailed estimate of No. 1. D.

This includes the whole of the work which it was proposed should be undertaken by the Municipality in connection with the first portion of the proposed new Drainage scheme. The total are as:—

No. 1 A	Rs. 4,98,799
No. 1 B	,, 4,35,288
No. 1 D	,, 3,99,787

making a grand total for work alone of Rs. 13,24,824

To this should be added the cost of supervision, establishment, Bank charges, and contingencies which are as follows:—

Establishment	Rs. 1,38,400
Bank charges on loan	,, 44,425
Contingencies	,, 70,000
Total...	Rs. 252,815

This with the total (Rs. 13,24,824) for work amounts to Rs. 15,77,649, which deducted from the loan of Rs. 1,700,000, leaves a balance of Rs. 1,22,351.

The rates by which my estimates are formed do not include the cost of supervision or the percentage which contractors usually add to the cost of labour and material to represent their profit.

The latter item cannot enter into consideration in departmental work and the former is included in the addition of Rs. 2,52,825 which is shewn above.

R. WALTON, C. E.,
Executive Engineer Municipality, on Special Duty.

The Chairman then moved the following resolution:—"That the Drainage scheme sanctioned by the Corporation be undertaken departmentally, at a cost not exceeding Rs. 15,77,649, as submitted by the Municipal Commissioner in Mr. Walton's letter No. 569, of the 10th March 1879, also that the work be proceeded with immediately, and the monthly progress reports be submitted to the Council." Considering the very great importance of the work with reference to public health and Municipal expenditure, the Commissioner did not hesitate to accept the responsibility to do his best to carry out the work departmentally, in the best possible way, and at the lowest possible cost; and the Executive Engineer was willing and anxious that the work should be entrusted to him. After the great labour which it had cost him to elaborate the scheme, he (the Chairman) could understand the spirit which animated Mr. Walton in asking to have the work entrusted to him. In matters of this kind, he liked to get hold of some one upon whom responsibility had to be placed, and in event of things going wrong there would be somebody to hang. Mr. Walton would have the additional inducement that the work would be associated with his name if it should be successful. He thought, when Mr. Walton came before the Council in that way, it was their duty to meet him half way and say—"We know nothing about you as an engineer except what we approve of; our experience of you as an engineer is that we believe we can trust you." That was so, or Mr. Walton would not be in a position he occupied at present. Mr. Walton's qualifications were fully and freely debated on the retirement of Colonel Tulloch, and it was decided that he was the fittest man to be trusted with the office of engineer to the Corporation. In connection with this very question, when the Works Committee met first to consider the details of the scheme, he (the Chairman) asked Colonel Hancock and his other professional colleagues whether they considered Mr. Walton to be the very best man to be entrusted with the supervision of the work, because if they had any doubt it would be better to send to England and get out a man with the most modern ideas, who had conducted such works recently, and who was thoroughly acquainted with drainage engineering in all its details; and his professional colleagues answered at once they had no doubt, looking to the local circumstances, they would be going away from benefitting the city by seeking for engineers elsewhere to execute the scheme. Throughout the whole inquiry nothing had occurred to shake the confidence of the Council in Mr. Walton. He was inclined to treat Mr. Walton with the utmost generosity, feeling sure that if they trusted him fully he would be anxious to carry out the work as successfully as possible and to complete it within the estimated time. In the course of the discussions on this subject, it had been several times insisted on that they should have the very best work, and he believed they would secure the very best work in this way. The work could be inspected constantly as it went on by the Council and their advisers, and if they found at any time that they were not getting the best work, they could at once apply the screw. It had been suggested that at the conclusion of the work, the Commissioner might come forward and say

GRIFFITHS' PATENT WHITE
OR
OXY-SULPHIDE OF ZINC PAINT.

MANUFACTURED BY

GRIFFITHS, FLETCHER, & BERDOE,
SEEL STREET, LIVERPOOL.

Covers 100 per cent. more than Oxide Zinc.
Covers 25 per cent. more than White Lead.

It retains its Whiteness under all conditions.
A Red Heat will not destroy it.
Will never Blister.
Is Non-poisonous—Has no Smell.
Has no Chemical Action upon Metals.

The Patent Zinc White, or substitute for Lead, invented and patented by Mr. Thomas Griffiths, of Oxton, Liverpool, received the highest possible praise at the Meetings of "The Society of Arts and Manufactures," London, and "The Social Science Congress."

THE Manufacture of "GRIFFITHS' PATENT WHITE," formed the subject of a lecture at the Society of Arts in the Spring of 1877, and has been reported upon by the leading scientific Chemists, Paint Merchants, Decorators, &c., &c. ; was brought before the International Congress of Hygiene, at Paris, in August 1878, by Professor Lutschaunig and Dr. Phipson ; and in the same month before the British Association, in Dublin ; in October, a paper was read upon it at the Social Science Congress in Cheltenham, by Dr. Bartlett ; and it was the subject of a paper read during the session of 1878 of the Paris Academy of Science. At the Paris International Exhibition, 1878, the highest distinction which was conferred upon paints, viz. : The only Silver Medal, was awarded to it, and at the Sanitary Institute of Great Britain it obtained the Prize Medal. It has been most favourably reported on in the "Lancet," "Engineering," "Engineer," "Builder," "Architect," "Chemical News," "Sanitary Record," "Society of Arts Journal," "Scientific American," "Journal of Chemical Society," "Moniteur," "L'Exposition de Paris," "Lloyd's Official List," "New York Tribune," "New York Times," "Comptes-Rendus," of the French Academy of Science, &c., &c. Copies of any of the above reports can be had on application ; also samples for trial.

So great has been the demand for it since its introduction, that the proprietors, who were producing about 25 TONS PER WEEK in Liverpool, have been compelled to purchase Extensive Works in London, where they can manufacture about 50 TONS EXTRA PER WEEK. They have also had to secure sufficient room to increase the production to 200 tons weekly, making them the largest producers of White Pigment in Europe.

WHITE LEAD possesses only one good property, viz., "covering power," it is poisonous, soon loses its opacity, and turns yellow with Sewer and other Gases, and prejudicially affects Iron and other metals.

OXIDE ZINC has scarcely half the covering power of lead, but it is whiter and retains its colour.

GRIFFITHS' PATENT ZINC WHITE has all the *good* properties of both the above without any of their drawbacks, viz., it has far more body than Lead, has double that of Oxide Zinc, has the same whiteness, will never change colour even in sulphuretted hydrogen (which destroys lead) and does not lose its opacity by age. It is calcined at a red heat in its materials, hence is almost indestructible, and, of course, will stand any variation of climate. Its durability is such that it is admirably adapted for protecting Iron, Wooden or Cement Structures in any exposed situations, from the effects of the weather.

PROFESSOR PHIPSON says : "It is one of the most ingenious and useful discoveries of modern times."

GRIFFITHS' PATENT NEW ZINC WHITE is at present used by the English and other Governments as well as large private firms.

Full reports from the highest scientific authorities in the kingdom, gratis, on applying to any Agents of the "Silicate Paint Company," Liverpool. The following are a few who have reported on this new pigment :—

PROFESSOR BARFF, M.A., Lecturer on Paint and Colours to Society of Arts, Chemist to Royal Academy, &c.
JOHNSON & SONS, Assayers to Bank of England, H.M. Mint, Council of India, &c.
PROFESSOR LUTSCHAUNIG, Liverpool Assay Office.
DR PHIPSON, Fellow of Chemical Societies of London, Paris, and Antwerp ; and of Royal Society of Natural Sciences, Brussels.
H. C BARTLETT, Ph. D., F.C.S.
T. A. BRITTON, Surveyor to Metropolitan Board of Works.
C. H. TOZER, Decorator, and other Practical Men in the trade.
